

PRODUCT DATA SHEET

Base profile for thermal insulation
200 mm, Alu
Item no. 90820

Status: 04.12.2024 | 11:12

Designation	Base profile for thermal insulation 200 mm, Alu
Description	Aluminium base profile for thermal insulation systems.
Product area	Thermal insulation
Product category	Base profiles
Material	Aluminum natural
Material thickness	0,8 mm
Product length	250 cm
Product height in mm	35 mm
Packaging Unit	6 PCS / 39 BUN
Annotation	Powder coating in accordance with RAL specification available for an extra charge. Installation instructions: Insert the lower part of the combination with the fastening leg on the upper edge of the insulation panel, which runs parallels in height to joint or the plain bearing in the building body, and lightly apply the adhesive. An 8-mm thick styrofoam strip with a compliment will be applied to the base. Place the base profile on the polystyrene strip and attach to the substrate. After installing the insulation panels, hang the perforated clip-on profile. Arrange profile bars underneath one another in a staggered manner. Sub-divisions and perforated attachments are designed for organic and mineral plaster constructions.
