

NEVOBAHN - Standard

PROPERTIES:

Resin:	HDPE
Colour:	black or brown
Sheet thickness:	approx. 0,40 mm
Max. section width:	4,0 m
Area weight:	400 g/m ²
Dimple height:	8 mm
Dimple spacing:	approx. 1.860 pro m ²
Air gab (between dimpled):	approx. 5,3 l/m ²
Drainage capacity:	approx. 4,6 l/s/m approx. 276 l/min/m approx. 16.600 l/h/m
Compressive strength:	approx.170 kN/m ² (17 t/m ²)
Service temperature range:	-40°C to +80°C
Physiological properties:	safe for drinking water

NEVOBAHNEN (Brand: Interplast) are outstanding chemical resistance and impervious to root penetration.
